The page has a dark blue header with navigation links: HOME, ABOUT MEGHALAYA, NEWSROOM, NOTIFICATIONS, TENDERS, CITIZEN CHARTER, KEY CONTACTS, COVID-19 PORTAL, and PUBLIC SERVICES DELIVERY COMMISSION. On the left, there is a sidebar with 'Schemes', 'Forms', 'Services', 'Acts', 'Rules and Regulations', 'Circulars/ OMs', 'Documents', 'Government Orders', and 'Whats New'. Below this is a 'SITE LINKS' section with 'Website Directory', 'Mobile App Directory', 'Calendar', and 'E-Cards'. The main content area is titled 'Accessibility Statement' and contains the following text:

We have ensured that the State Portal of Meghalaya, is accessible to all users, irrespective of the device and technology in use or ability. It has been built with an aim to provide maximum accessibility and usability to its visitors. As a result, this website can be viewed from a variety of devices such as Desktop / Laptop computers, web-enabled mobile devices, etc. The State Portal is best viewed at 1280 x 768 resolution in Google Chrome 50+, Mozilla 40+, Microsoft Edge 91+. We have put in our best efforts to ensure that all information on this portal is accessible to differently able. For example, a user with visual disability can access this website using assistive technologies, such as screen readers and screen magnifiers.

The portal is developed and adhered to the Guidelines for Indian Government Websites

Part of the information in the portal is made available through links to external Websites. External Websites are maintained by the respective departments who are responsible for making their sites accessible.

Accessibility Features

- 1. Skip to Main Content:** Quick access to the main content on the page is provided without going through repetitive navigation using the keyboard.
- 2. Headings:** The Web page content is organized using appropriate headings and subheadings that provide a readable structure.
- 3. Titles:** An appropriate name for each Web page is specified that helps you to understand the page content easily.
- 4. Alternate Text:** Brief description of an image is provided for users with visual disability. If you are using a browser that supports only text or have turned off the image display, you can still know what the image is all about by reading the alternate text in absence of an image.
- 5. Consistent Navigation Mechanism:** Consistent style of presentation throughout the portal is incorporated.
- 6. Customized Text Size:** The size of the text on the Web page can be changed either through the browser or through the accessibility options feature.
- 7. JavaScript Independent:** Web page information and functionalities are independent of JavaScript, irrespective of the browser support for the scripting language.

Changing the Text Size

Changing the size of the text refers to making the text appearing smaller or bigger from its standard size. There are three options provided to you to set the size of the text that affects the readability. These are:

- **Smaller:** Displays text in a font size smaller than the standard font size.
- **Larger:** Displays text in a font size larger than the standard font size.
- **Medium:** Displays text in a standard font size, which is the default size.

To change the text size, click the text-size icons present at the top of any page.

On the right side of the page, there is a vertical menu with links to: Governor, Chief Minister, Chief Justice, Council of Ministers, IAS List, MCS List, Departments, and Districts.

review, this will paint a comprehensive picture of the current state of scope of practice in primary care, to inform the next stages of the review.

Increasing access to health and aged care: a strategic plan for the nurse practitioner workforce (the Plan)

We asked

The Department of Health and Aged Care (Department) asked for your views and input on the draft aim, outcomes and actions in the consultation draft Nurse Practitioner Workforce Plan (the Plan). The draft Plan was released for stakeholder feedback from 19 December 2022 to 10 February 2023.

Targeted meetings were also held during this time to seek feedback from stakeholder organisations. Yarning circles and a consumer focus group were also held to test the actions within the draft Plan to ensure they are realistic, implementable and well received by both First Nations peoples and consumers.

Feedback received during the consultation process is being used to refine and inform the final Plan.

You said

In total, 215 submissions were received, comprising of 172 online survey responses, 25 written submissions via email, 15 targeted stakeholder meetings, 1 consumer focus group and 2 yarning circles.

The mix of responses from consumers, nurse practitioners, health professionals and organisations provided a comprehensive understanding of how the aim, outcomes and actions of the Plan were received. Feedback on improving the draft Plan was constructive with suggestions to refine language and review the action's timeline. Whilst many responses were focused on the barriers to nurse practitioners providing care, the Department received useful suggestions for refining the draft Plan.

We did

The Department undertook analysis of the online submissions (including survey and written responses) using the Citizen Space application in February 2023. The data from online and written submissions was further analysed simultaneously with stakeholder feedback from meetings, yarning circles and focus groups. This involved coding the qualitative responses for feedback on key themes and creation of analysis notes to further refine the consultation draft.

Stakeholder feedback captured is being used to refine the Plan and ensure the actions address key nurse practitioner workforce challenges. Suggestions proposed during this round of consultation will be considered by the Nurse Practitioner Steering Committee and used to develop a final version of the Plan for approval by Government.
